HSE Training

*Safety matters*

CIFS management provides wide range of EHS Services for any kind of industry and corporate house. CIFS is spreading its wings in the field of Sustainability Reporting and providing Environment, Occupational Health & Safety, Social Accountability and Energy Management Systems Solutions. Our Multidisciplinary Team is passionate, dedicated and has zeal to serve with perfection.

We strongly believe world-class safety is a journey, a process of continuous improvement and not a destination in itself. Interpersonal safety communication can go a long way to achieve safety excellence.

Our goal is to assist organizations in their continuous improvement process & EHS Performance resulting in increase in profitability and synergetic advantage. CIFS is capable of delivering quality and state-of-the-art services in the field of Environment, Health & Safety for any type of project, large or small, in construction industry and or in any other industry.

## CIFS PROFILE OF WORK:

1. Comprehensive EHS solution under one roof
2. Occupational health & safety
3. Incidents investigations
4. EHS laws, rules & regulations
5. EHS roles
6. EHS Audits
7. EHS Reporting Systems

3. Hazard Identification & Risk Assessment (HIRA)
4. HAZOP Study, JHA, JSA
5. Process safety Manual.
6. Fire & Safety Audit

## **FIRE SAFETY, EHS AUDIT & COMPLIANCES:**

Fire Safety Audit & EHS audit of the industries & project site play a vital role to find out the unsafe condition and unsafe role and unsafe act/ behavior of the employee/worker and management views towards EHS front. Third party EHS audit is also a statutory requirement as per law & act.

CIFS has experience of numerous EHS audits, Fire Audit & safety audits in various projects & industries across India & overseas. In agreement with the client, CIFS also ensures compliances of audit, adherence to laws, rules, regulations and other prescribed standards & requirements.

- ✓ As per IS 14489:1988 and requirement of industry
- ✓ As per national and International standard EMS: 14001 & OHSAS 18001
- ✓ Specific EHS audit in case of total accident, major disaster and catastrophic failure
- ✓ EHS audit for contractors as per client scope
- ✓ EHS rating and performance audit
- ✓ Fire audit as per Factory Act 1948

CIFS closed loop quality check system helps us continuously upgrade ourselves by carrying out internal & external audits, and by taking corrective actions on the suggestions made during these audits. CIFS remain flexible to the demands of the clients. Depending on the needs & feedback of the clients, we adapt and innovate new ways to give best of the services
